

Report on Medical Issues in Wisconsin Racing Greyhounds 2008

The following is a summary of medical issues reported by Dairyland Greyhound Park in 2008.

DATE	DOG NAME	INJURY TYPE	INJURY LOCATION	CAUSE	TREATMENT	NOTES
01/12/08	Tristar Dimitris	(not provided)	tail	(not provided)	cleanse, amputation, splint, wrap, medication	"Happy tail with small amount of devitalized bone at tip...snipped bone out, cauterized w/ silver nitrate...rech(eck) 3D"
01/12/08	Tyville Manor	rash, lesions	right hip	"chronic skin problem near right hip"	cleanse, medication	"Large region of salivary staining right lat hip region/some skin erythema and raised skin lesions that appear to be mild-mod pyoderma are present...disp nolvasan shampoo to bath twice weekly w/ 5 min contact time"
01/26/08	You Got The Boom	(not provided)	left ear	(not provided)	cleanse, medication	"Dk brn wax cerumoltyhe...unable to visualize tymp/will have to reflush in 3 D...rech(eck) 3D"
01/30/08	Big City Slicker	infection	left ear	(not provided)	cleanse, medication	"L ear otitis externa/white cheesy debri...tym. membrane intact w/normal appearance...recheck 3D/02-02 significant improvement...rech(eck) 3D"
02/02/08	BF Magic Tower	lesion, gingivitis	eye, mouth	(not provided)	cleanse, medication	"Medial canthus eye ulcers...rech(eck) 5-7 D...2-9 hand scaled teeth, cleansed mouth...02-20 sign. improve/ need to closely monitor, gingivitis may reoccur pulse tx may be needed/04-04 mild gingivitis...needs daily chew bone"
02/02/08	Shata Shebang	infection	urinary tract	(not provided)	medication	"Wetting her crate/trainer noticed blood in the urine/eating, acting normal/was in season about 1 month ago/no temp/free catch urine reveals blood...abdominal palp NSF/appears to be a urinary tract infection/other differentials are kidney infection, pyometria...if symptoms do not improve or worsen seek outside vet ASAP/trainer to monitor urine sid for blood"
02/07/08	Chase Tuesday	puncture	left head, ear	(not provided)	cleanse, suture, medication	"Bite wound treated by Dr. Harris on 02-05/sutured left side of head and back of ear/see Harris report...02-07 looks good"
02/08/08	RJ's Zigs	infection	tail	(not provided)	amputation, suture, wrap, medication	"Distal tail infection/tail tip bone sticking out...tail amputation 2 vertebrae above infection...redress 24 hrs then Q3 D until SR at 10-14D"
02/13/08	Ale Voicemail	infection	both ears	(not provided)	cleanse, medication	"Bilateral otitis externa, gray color waxy debri w/ very inflamed canals/R ear worse than L...unable to visualize tymp due to pain...rech(eck) 3D/02-16...canals ulcerated from debri attachment/ still unable to visualize tymp due to cerum lyth will reflush 3D...02-21- canals still have dk debri...rech(eck) 5D"

02/13/08	Chase Tuesday	puncture, tear	left head, ear	(not provided)	cleanse, sedation, staple, wrap, medication	"See 2-7-08/ this AM 1/2 of previous head wound is open/appears to have been torn open by him scratching at his wound/defect is about 5 cm long...placed foot bandages on both hind feet to prevent toenail trauma...rec 24 hrs/SR 10-14D"
02/14/08	JJ Globetrotter	soreness	right shoulder	(not provided)	(not provided)	"See 1/6/08...trainer reported"
02/15/08	Chase Ruby Ruff	infection	ears	(not provided)	cleanse, medication	"Otitis externa/dk wax debri ulcers in canals...unable to visualize tympanum (very painful)...rech(eck) 3-5D...02-20/able to visualize tympanum/ both tympana are open...rech(eck) 1wk/03-05 tympana starting to close...rech(eck) 1wk/R ear debri returns...rech(eck) 1wk/ 03-19 L ear tympanum still healing quiet canal/R ear dk wax debri"
02/17/08	T's Crying Time	(not provided)	(not provided)	"?"	(not provided)	"Trainer reported"
03/06/08	Ale Voicemail	infection	ears	(not provided)	cleanse, medication	"See 2/13/08 rech(eck), trainer stopped meds 1wk ago-small amount of dk brn debri R ear/larger amount in L ear...canals look good tympanum memb of R ear normal/unable to visualize L tympanum (otoscope died)...rech(eck) 5D/03-12 canals look quiet/small amount dk wax debri/both tympana look good...re 3D...03-26 dk wax debri present near tympanum-L canal red...otitis smoldering...rech(eck) 1wk/04-02 ears look great, finish meds"
03/06/08	Kim Rene Uhl	laceration	right front toe	"kennel injury slipped under crate last eve"	cleanse, staple, wrap, medication	"Kennel injury slipped under crate last eve...RF 3cm skin laceration dorsal quarterbone region...redress Q 3D/SR 10D"
03/06/08	Dentyne	(not provided)	left hind knee	(not provided)	(not provided)	"Faded in back stretch...LH scar tissue over stifle joint/skin elasticity is at a minimum/patellar tendon is thickened and scarred...full range of motion of this limb is compromised/successful race career is unlikely"
03/08/08	Motley Emerald	infection, swelling	ears, right jaw	(not provided)	cleanse, medication, hot pack	"Trainer noticed R side facial swelling post race/appears to be R mandibular LN or salivary gland enlargement 3.5cm diam/FNA reveals no free blood, just cells (will diff qk)...otic exam reveals dk brn wax enteroliths both ears...debri removed from R ear-opaque tympanum memb, L ear small amount blood unable to observe tympanum/middle ear infection probable...rech(eck) 5D to reveal tympana/03-12-R canals clear, tympanum looks good/L ear dk wax debri-small hole in tympanum...LN cytology, abundant PMN's/LN unchanged in size/hot pack bid/rech(eck) 3D"
03/09/08	Jd Plutonium	cramping, dehydration	(N/A)	(not provided)	medication	"4th turn fell back and stopped on stretch...cramping and dehydrated-no history of illness...03-12-08 doing well per trainer"

03/19/08	Chase Ruby Ruff	infection	ears	(not provided)	cleanse, medication	"See 02-15/ R canal has canal edema or cyst like lesion/trainer to continue momentex (she admits she was lax on treatment last wk)...rech(eck) 3 D if not improved will need to seek outside vet for examine and cultures/03-26-08 significant improvement-canal are quiet...rech(eck) 1wk/04-02/ears look great"
03/19/08	Motely Emerald	infection	ears	(not provided)	cleanse, medication	"See 3-08-08/rech(eck) 03-19 LN down in size about 1.5cm diam/ear canals quiet and clear, R tym p still open...rech(eck) 3D/3-22 both ears look quiet no discharge/LN completely down in size"
03/19/08	Tyville Informer	sores	right groin, left thigh, hind ankle, toes	(not provided)	medication	"Trainer noticed Informer not wanting to get out of his crate yesterday and today and just not himself/eating normally/gave methocarbamol this AM assuming his R adductor and whips were sore (see 3-12)...temp 104.2/color good, still has significant pain in R adductor and also has LH whip pain/painful on flex and palp of both carpus and on palp of prox metacarpals...possible tick illness...rech(eck) 24 hrs/trainer to watch for any changes if so seek outside vet"
03/22/08	Dk's Primary	infection	ears	(not provided)	cleanse, medication	"Otitis externa/R ear dk waxy debri, red canal/L ear large cerumlyth, deep in canal...unable to view tymps...reflush 3D/03-26...removed deep ltyhs both tymps look healthy...rech(eck) 3D/03-29-08 both ears look great canals quiet/sm hole L tym...rech(eck) 3D/04-02 both ears look good"
03/28/08	LightningMcqueen	infection	right ear	(not provided)	cleanse, medication	"Chronic infection/dk brn wax deep w/ in canal, inflamed ear canal...unable to view tym p...reflush 24hrs/03-29 removed cerumlyths near tym/tymp intact...recheck 4D/04-02 canals quiet/sm perforation of tym p/sm amount debri...rech(eck) 1 wk/04-07 canals quiet, tym p perf larger sm amount of debri noticed in middle ear...if debris still pres. 1 wk deep flush w/saline"
04/02/08	Kiowa Chicago	dehydration	(N/A)	(not provided)	medication	"See Dr. Harris hospital report-dehydrated, urinating blood/bloody stool...disp panacur 45ML give 15ML SID 3D to continue deworming from when hospitalized on 03-31"
04/12/08	Smart Silver	swelling, tear	anus	(not provided)	medication	"Faded/R perianal fluid swelling/skin irritation from licking/rectal palp reveals small anal sacs/palpable rent in levator ani or coccygeus m...muscle tear is likely...rech(eck) Weds/sooner if trouble defecating, fever or drainage"
04/16/08	Kiowa Maybe	atrophy	both hind limbs, hips	(not provided)	medication	"See 12-22/ depo injection gave 3 1/2 months of improvement/adoption coordinator noticed trouble getting up again and rear limb falling...attitude great/noticeable weakness of both hind limbs, mild hip atrophy...recommend senior blood panel in 2 months (definitely prior to next injection), adoption"

04/16/08	LightningMcqueen	infection	right ear	(not provided)	cleanse, medication	"See 3/28/08 rech(eck) today reveals very quiet ear canal/dk wax debri still visible behind perf tymp...debri completely removed...rech(eck) 1wk"
04/23/08	Folly	spiked, swelling	left hock	"kennel injury likely"	cleanse, wrap, medication	"Kennel injury likely...LH lateral hock spike at least 2D old...SI swelling of soft tissue below...redress Q3 day until healed"
04/23/08	Meltdown Tony	sprain	right front ankle	"got loose from kennel"	medication, cold water therapy	"Got loose from kennel...RF sprained ankle/painful stopper bone and proximal carpus...trainer to do cold H2O TX for next 3 days"
04/23/08	PMB Canute	abrasion	all 4 feet	"got loose from kennel, ran on concrete"	cleanse, wrap, medication	"Got loose from kennel, ran on concrete...all 4 paws, major pad and small pad abrasions...trainer to remove bandages in 2D"
04/23/08	ScareCrow Bongo	spiked, puncture	right front foot	"got loose from kennel"	cleanse, wrap, medication	"Got loose from kennel...RF spike puncture dorsal paw...trainer to remove bandage in 2 D/redress if needed"
04/23/08	Smart Silver	tear	anus	(not provided)	cleanse, medication	"See 04-12/04-17 fluid returned to R perineal region...rectal pal reveals palpable muscle tear levator ani/normal anal sacs...rech(eck) 2 D...04-19, region looks good no fluid rech(eck) 5D/04-23-R perineal region seroma reoccurred...anal sacs palpate normal & small/muscle tear palpates thickening consistent w/ muscle scar tissue healing...rech(eck) 3D/04-26 some palpable fluid returned but palpabl scar tissue present-likely to resolve w/out aspiration/rech(eck) 3D"
04/26/08	Ale Voicemail	infection	ears	(not provided)	cleanse, medication	"See 2-13, 3-6-08/recheck - no pain no drainage/R ear is normal/L ear has dk waxy debri deep in canal...tymp is dk grey and disrupted/obvious debri in middle ear...removed debri-clear canal...rech(eck)6D/05-03/tymp healing...ext canal sm dk debri...rech(eck) 1wk/05-09 both ears clear/infection resolved"
04/26/08	Bohemian Beel	laceration	right hind leg	"kennel or sprint path injury"	cleanse, wrap, medication	"Kennel or sprint path injury...RH medial tibial region laceration, 1-2D old...redress Q3 D until healed"
04/30/08	Dancing Gal	toxicity	(not provided)	"ivermectin toxicity due to extralabel use of equine paste"	(not provided)	"Ivermectin toxicity due to extralabel use of equine paste...see emergency treatment report and hospital reports"
04/30/08	World Design	soreness	left buttock	"injection site reaction"	cleanse, medication	"Adoption noticed LH gluteal sore-she licks at/PE reveals what looks to be an injection site reaction...recheck if not resolving or worsens"
05/03/08	Delray Laken	fracture	left front leg	"kennel accident, jumped on scale then tried to get on top of crates after a bird in kennel, fell on LF limb"	splint, wrap, medication	"Kennel accident, jumped on scale then tried to get on top of crates after a bird in kennel, fell on LF limb...LF closed compression fracture just above carpus of radius ulna/radius displaced medially...if becomes too painful will need to hospitalize over the weekend...needs surgery/Midwest Greyhound Adoption vet on Monday 5-5"

05/03/08	Brookside Ben	laceration, puncture	right front leg	"kennel injury, possible spider bite"	cleanse, wrap, medication	"Kennel injury, possible spider bite/trainer noticed 4D ago, he has been cleaning it...RF medial forearm laceration w/ 2 small punctures into forearm muscle-looks like poss spider bite...redress 3D"
05/03/08	Smart Silver	tear	anus	(not provided)	cleanse, medication	"See 04-23-08/seroma returns, trainer having a difficult time keeping his activity down/rectal palp reveals scarring tissue filling rectal, muscle defect/actually healing nicely...anal sacs normal...no sign nor smell of infection...trainer to try to keep his activity down to hasten healing and lessen serum collection/rech(eck) 3D"
05/07/08	Witch Doctor	soreness	right ear	(not provided)	cleanse, medication	"Rear painful/large dk wax lyth near tymp...removed debri successfully that was touching tymp...rech(eck) 1 wk"
05/09/08	A Bar Roco	inflammation	tail	"happy tail"	cleanse, wrap, medication	"Happy tail/redness and mild inflammation"
05/09/08	SOS Sharla	infection	right ear	(not provided)	cleanse, medication	"See 09/07 R ear otitis externa/dk brn wax debri/canal redness...tymp looks ok...rech(eck) 5D/05-21-08 ears look great/infection resolved"
05/11/08	CPR Dandy Sandy	punctures	chest	"severe kennel fight"	(not provided)	"Severe kennel fight. Brought to Animal ER of Kenosha...multiple chest bite wounds/died 3 hours post op due to bleeding...see Animal ER report"
05/14/08	Jepson	punctures	left chest	"kennel fight on 05-12"	cleanse, staple, wrap, medication	"Kennel fight on 05-12/L side (mid thorax) 2cm bite wound to muscle, air sucking/ventral bruising...rech(eck) 24 hrs to check for swelling and redress stockinette/SR 10D"
05/28/08	With Ease	swelling	right front ankle, foot, toes	"looks like spider bite reaction"	medication	"Trainer noticed limb swelling worse since scratch on 5-25-08/swelling and pain occurred overnight...RF extreme swelling of carpus, metacarpal region and toes/very painful/redness over dewclaw region...pricked 4 regions w/ 18G needle to release some of blood...looks like spider bite reaction/rech 24 hrs/if worsens, fever or not eating seek outside vet/see 6-4-08"
05/29/08	Ale Aivas Snobow	(not provided)	left ear	(not provided)	cleanse, medication	"L ear packed w/ dark debris to tymp...removed cerumenlyth...rech(eck) 5D/06-04-08 small amount of debri...tymp looks healthy/canals quiet...rech(eck) few D after meds stopped"
06/04/08	MasterMan	laceration	right hind toe	"kennel injury"	cleanse, wrap, medication	"Kennel injury...RH 5th digit laceration (3D old) toe above cuticle...redress Q2-3D until healed"
06/04/08	Super Patrick	tear, puncture	armpit, chest, scrotum	"dog fight this AM"	euthanasia	"Dog fight this AM/went to Harris Pet Hosp...torn axilla, pectoral muscles and scrotum/finger size hole into chest/euthanized due to severity of injuries"

06/06/08	Ale Voicemail	infection	right ear	(not provided)	cleanse, medication	"Reoccurrence of otitis/this time right ear (L ear normal)/dk waxy debri, ulcerated canals, very painful...rech(eck) 10D sooner if not better/06-18-08, ear has improved significantly, canals quiet, some dk wax debri...rech(eck) 1 wk/06-25-08 both ears look great...flush ears as wax builds up to prevent future infections"
06/07/08	Alkay Kiowa Gale	(not provided)	right shoulder	(not provided)	(not provided)	"Ran 3rd, escape likely...RF shoulder/pain on palp of mid triceps/little pain on palp of prox quarterbones"
06/07/08	Krafty Lewis	(not provided)	left ear	(not provided)	cleanse, medication	"L ear dk brown w/wht cheesy discharge...removed ceruminolyth/tymp some fresh blood...recheck 7-10D/06-21 Rear small tick like fb attached to ext canal, L ear dk wax debri deep...has opaque discoloration - possible middle ear involvement...rech(eck) 5D"
06/18/08	Cals Tiger Talk	shucked	right front toenail	(not provided)	cleanse, wrap, medication	"Kennel...trainer to remove bandage in 24 hrs"
06/18/08	JellyBean Shilo	puncture, inflammation	left side, dorsal	(not provided)	drain, cleanse, medication	"Trainer noticed oozing hole & lump on left side/firm 6x4cm mass on left side, dorsal puncture like wound/opened hole, blood tinged, sl creamy drainage/abscess & tissue rxn, poss foreign body...probed wound w/kelly, no obvious fb...rech(eck) 24 hrs"
06/18/08	Tyville Escalade	laceration	left front leg	"kennel injury"	cleanse, staple, wrap, medication	"Kennel injury/LF 1 wk old laceration just above elbow, air sucking into skin behind elbow, not healing well...redress Q2-3D/SR 10-14D"
06/19/08	Peb's Manjula	infection	both ears	(not provided)	cleanse, medication	"Otitis externa/R mild, L moderate. Deep ear flush-brn waxy debri, blood after flush will assess tymp in few days...rech(eck) 2D/06-21 R ear sl redness in canal - no debri/L ear debri touching tymp...meaty like mass in front of tymp...poss polyp or seed wart...4D/06-25, canal quiet/mass still present...rech(eck) 2D/06-27 mass stringy & smaller (looks like seed wart)...tymp open...rech(eck) 5D"
06/19/08	RB Monalee Jo	(not provided)	right front ankle	(not provided)	(not provided)	"RF chronic stopper...trainer stated greyhound arrived here from Sarasota w/ chronic stopper problems...trainer reported"
06/20/08	Smart Silver	swelling	anus	(not provided)	medication	"Perianal swelling returned w/ secondary dermatitis from licking at region/exam reveals fluid like swelling about 1/2 size from original injury/anal sac palpate normal/expresses normal secretion/ring of scar tissue palpable from previous tear/finger size hole in muscle cranial to scar tissue/fna reveals frank blood, 12cc/ assess: muscle return due to high activity (likes to jump and pull...rech(eck) 5D/keep him quiet, 06-28 trainer reports that fluid swelling is resolved"
06/21/08	Anguil	(not provided)	right lung, ribs	(not provided)	euthanasia	"Mass on right side/see emergency TX report...Harris Pet Hospital on 6-23-08/euthanized on 06-24-08 due to neoplasia of ribs and R lung field"

07/04/08	Peb's Manjula	infection	ears	(not provided)	cleanse, medication	"See 06-19/no debri...rech(eck) 1 wk/07-12-08 both canals look quiet/L tympanum is open...remove small amount of debri in mid ear...doing well, tympanum needs to fill in...rech(eck) 5D"
07/13/08	Cute Ashley	(N/A)	(N/A)	(N/A)	(N/A)	"10 D rabies quarantine...bit lead out post race/very small wound...release on 07-23-08"
07/16/08	My Koko	infection, inflammation	dewclaw	"previous shucked dewclaw is now infected"	cleanse, wrap, medication	"Previous shucked dewclaw is now infected...red and inflamed cuticle and skin around shucked dewclaw...rech(eck) 24 hrs"
07/17/08	Superior Idaho	puncture	right hind foot	"kennel injury?"	cleanse, wrap, medication	"Kennel injury?...RH deep puncture dorsal-lateral paw...redress Q2-3D until healed"
07/19/08	Skydive Donny	sick	abdomen	"abdominal aneurism is likely cause"	euthanasia	"Vomited during AM schooling yesterday/pale mucus membranes this AM, suspect internal bleeding/sent Harris Pet Hosp for diagnostics this AM see report, sent back to kennel w/ open diagnosis...symptoms worse by 5:00 PM/very pale MM w/ jaundice tint, very weak/euthanized at 5:30 PM...gross necropsy done in vets office revealed severe abdominal hemorrhage (around 3 liters total) large clot location reveals torn caudal vena cava/abdominal aneurism is likely cause"
07/23/08	Delray Lazlo	inflammation	left side	(not provided)	cleanse, medication	"Trainer noticed mass on L side...L side 1.5 cm diam. ulcerated raised mass/looks like histiocytoma...rech(eck) if not responding w/ in 1 wk"
07/25/08	Smart Silver	swelling, tear	anus	"likely return scar tissue due to high activity level"	medication	"Trainer reports that he was very active over last few days and fluid swelling has reoccurred/PE reviews same R sided perianal swelling same as before...rectal palp reveals normal anal sacs/band of scar tissue from previous tear...assess: likely return scar tissue due to high activity level...recommend to get to adoption group as soon as possible, have evaluated by adoption vet for any new ideas on preventing reoccurrence"
07/26/08	Quarry Hawk	exertional rhabdomyolysis	(N/A)	(not provided)	(not provided)	"Exertional rhabdomyolysis-see emergency tx form...ran on 07-17, has been dropping back since 07-20, adoption" (according to Wikipedia, Equine Exertional Rhabdomyolysis is a syndrome that damages the muscle tissue in horses)
07/30/08	UB Miss Susie	infection, inflammation	vagina	(not provided)	cleanse, medication	"Trainer noticed thick yellow vaginal discharge...abdominal palp normal, no uterine enlargement palpable...mild vaginitis...reflush if discharge returns"
08/06/08	Opal Ronin	infection	ears	(not provided)	cleanse, medication	"R otitis externa/yellow brown waxy debri, very inflamed ear canal...tympanum visible/post flush noticed white plaque like coating to deep external canal covering ulcerated tissue...L ear small amount dk brn wax debri...1 wk rech(eck)...improved but R ear still has inflamed canal and white debri on tympanum/L ear looks like previous tympanum rupture w/ attached debri...rech(eck) 3D"

08/08/08	Superior Nikko	atrophy, pain	back	(not provided)	medication	"Ran on 07-20, incomplete history due to new trainer/new trainer feels she is running her back off...PE reveals painful lumbar muscles and significant atrophy of lumbar muscles/Dx-chronic rhabdo...rech(eck) 2D sooner if worse, adoption"
08/13/08	Chief Flyer	soreness	thigh, groin, abdomen	"likely sore due to change in surface"	medication	"Urine stream very small...whips and adductors and abdominal muscles are sore/back muscles OK/no dehydration/just came from DQ (last race there was 07-27)/likely sore due to change in surface...free choice H2O/recheck if not better by tomorrow"
08/13/08	RBWEverton Joe	fracture	right hind toes	(not provided)	cleanse, wrap	"Just came from farm w/ a healing wound from a toe amputation/trainer requested redress...RH 5th digit has been amputated/granulation tissue from incision/palpable boney callous in distal metatarsal, 3,4,5 from obvious metatarsal fracture/very little flexion of 3rd digit...this greyhound will never run w/ this injured foot, will go to Quad City Adoption in a few weeks/redress Q3-5D until healed"
08/14/08	Ale Devil Dog	(not provided), strain	left hind leg, right groin, left hind "triangle"	"running style due to soreness may be the true nature to this problem"	cleanse, wrap, medication	"See 06-28-08/LH reopened medial tibial jack...will need heal by 2nd intention...tissue is very thick over tibial jack, recommend to keep off for at least 2 months or this will continue to be a chronic problem, running style due to soreness may be the true nature to this problem...redress Q2-3D until healed/08-21 redress, healing nicely muscle exam revealed strained RH adductor and LH triangle"
08/15/08	Flintstone Sadie	swelling	mammary glands	(not provided)	warm wet compress, "milked" glands, medication	"Trainer noticed mammary swelling. Eating, acting normal...all glands are swollen except 1st 2...2 most caudal have consolidation/warm wet compress, milked glands-white, clear discharge except some yellow in R caudal gland...rech(eck) 24 hrs"
08/21/08	Opal Ronin	infection	ears	(not provided)	cleanse, medication	"See 08-06/ears have improved significantly, deep ear flush...to remove sm amount of debri/R ear white coating has resolved...R ear tymp is visible but has an opaque consistency (possible middle ear invol)...rech(eck) 1 wk/08-27-08 both ears look great ...no debri...rech(eck) 1 wk"
08/22/08	Manx	infection	ears	(not provided)	cleanse, medication	"Ear infection returns/L ear painful, external canal has ulcerations-brown wax debri/R ear canal is not inflamed but tymp is opaque...post flush exam revealed both tymps are open/L tymp has thick scar (previous open)/middle ear infections likely...rech(eck) 5D/08-27 both ears look great...rech(eck) 3D/08-30 both ears quiet, no drainage"

09/03/08	Manx	infection	ears	(not provided)	cleanse, medication	"09-03-08 recheck/both ears continue to look good, no drainage, no ulcerations...both tympanic membranes are starting to close. Infection resolving nicely...Dr. Barker to recheck ears 2 wks after all meds have been discontinued, sooner if owner notices any discharge from ears"
09/05/08	Opal Ronin	infection	right ear	(not provided)	cleanse, medication	"See 8/08, R ear has light brown gooey drainage/L ear is normal...tymp has white coating as previous...assess: middle ear infection...rech(eck) 5D/09-10 less red, no drainage or pain...wht coating near tymp...rech(eck) 3D/09-13 signif. improve...sm wht debri flushed out...rech(eck) 7-10D"
09/06/08	Cool Skillz	infection, lesions	back	"may...be allergies or a chemical reaction"	cleanse, medication	"Hot spot that we treated after the race-when we shaved it it was a large area over dorsal back that was affected...may also be allergies or a chemical reaction. Add 2nd antibiotic if no improvement...09-10-08 rech(eck) skin infection not clearing/several new lesions...shampoo 09-11/rech(eck) 3D"
09/10/08	Kiowa Maybe	paralysis	larynx	(not provided)	euthanasia	"DGP adoption return/11 yrs old...laryngeal paralysis/difficulty breathing...euthanized"
09/11/08	Kurt Thomas	soreness	both ankles, thighs	"chronic"	(not provided)	"Both ankles chronic and sore/both whips are sore...8,8,8...trainer will retire"
09/12/08	Yo My Mamas Boy	infection	right ear	(not provided)	cleanse, medication	"R ear dk wax debri cerumunoltyh...tymp looks healthy...rech(eck) 10D, sooner if discharge or pain"
09/17/08	Post Time Hammer	puncture, laceration	left shoulder, forearm	"dog fight kennel"	cleanse, wrap	"Dog fight kennel...puncture wounds left shoulder and skin laceration left forearm...have wrap changed Friday"
09/21/08	DeadSexy Lance	strain, pain	(N/A)	(not provided)	medication	"Trainer schooled 3D ago, noticed walking funny today...pain on palp off lumbar back muscles/walked w/ short stride both hind limbs/sl. dehydrated/dx: post race extertional rhabdo...free choice h2o...recheck if problem persists"
09/24/08	Cold B Flip Flop	puncture	right ear	"bite wound"	cleanse, wrap, medication	"R ear/bite wound 5D old/pinna painful and swollen...tip of pinna has large scab...large bite wound puncture present...trainer to remove bandage later today...recheck 2 days"
