**OFFICE OF INVESTIGATIONS
INVESTIGATIVE REPORT**

Office: PMW	Region: Central	Date of Complaint: 09/27/10	Case Number: 2010048284
Respondent: OLSON, BRUCE M. 332 Red Wing Way Casselberry, Florida 32707-4007		Complainant: STATE OF FLORIDA DEPARTMENT OF BUSINESS AND PROFESSIONAL REGULATION DIVISION OF PARI-MUTUEL WAGERING	
License # and Type: 4763683 1021		Profession: Veterinarian	Report Date: 10/11/10
Period of Investigation: 09/20/10 through 10/11/10		Type of Report: Final	
Alleged Violation: FL 550.2415 (6)(a) It is the intent of the Legislature that animals that participate in races in this state on which pari-mutuel wagering is conducted and animals that are bred and trained in this state for racing be treated humanely, both on and off racetracks, throughout the lives of the animals.			
Synopsis: 09/20/10: I received an anonymous call from a woman who stated that if the Sanford-Orlando Kennel Club track management found out who she was that she would lose her job. She stated that track veterinarian OLSON (EX 1) has been killing dogs on demand. She said that there was a truck full of greyhounds backed up to his operating area and when it left there were no dogs in it. She said that she would call again in a few days to see what I found out. 09/22/10: I went to S.O.K.C. and inspected OLSON's medical records; he has to keep records for the D.E.A. inspectors and PMW. His record showed that five dogs were euthanized during the month of September 2010. Four of the animals from different kennels were euthanized immediately after races because of injuries sustained on the track. The fifth animal was euthanized because it suffered from kidney failure and it was the humane course of action to take. Later I spoke to Racing Secretary Scott Merkel (EX 2). He stated that it is the track's policy to find out where every animal that leaves the track is going next. They have a good relationship with the adoption kennels and there is no reason to kill non-productive greyhounds. The complaint is unfounded and the anonymous Complainant never called back leaving her agenda unquestioned.

10/09/10: I obtained a copy of Dr. Olson's Injury Report. (EX 3) The dogs that were euthanized are underlined in the outer margins and the amount of Beauthanasia-D used in each case is in the Type Injury, Treatment & Drugs Used column. It shows that four dogs were injured on the track and the fifth suffered from renal failure.

The five dogs were:

1. 09/02/10: AM Schooling, No Race, ELI's KRITLY, Highstar Kennel, Compound fracture of the right front hock Calcaneus. Euthanasia requested 10ml Beauthanasia-D.
2. 09/04/10: Evening, No Race, TOP BRASS, R J Kennel, Renal Failure, Possibly due to Bebesia, no urine output, Euthanasia requested, 10ml Beauthanasia-D
3. 09/08/10: Matinee Race 9, Box 2, MAGIC HOT HOTHOT, Figueroa Kennel, Front Right Hock – Calcaneus, Euthanasia requested, 10ml Beauthanasia-D
