Greyhound issues – had tried to implement a plan here but was stonewalled by IGA over them contributing \$.50 a start...

I just ran across your previous email Chip – sounds like you are trying to get the kennels to put up \$1/start and get some funds from the track as well –

Keep us posted as to how this is working and amount of cooperation! Thanks - Keith

“Each greyhound track accepts the responsibility to reimburse Greyhound Pets of America or any track sponsored adoption group for the treatment of a life threatening race related injury if the kennel/greyhound owner relinquishes all rights and responsibilities to the greyhound.”

Can anyone working at a Delaware North managed racetrack please comment on how this program is working, if it has started, cost estimates to implement such a program?

I also heard that a similar program is being started at Texas A&M if anyone knows anything about that I would appreciate receiving information...

Thanks!
