Manual Joaquim das Neves, Director  
Macau Gaming Inspection and Coordination Bureau  
Av. Praia Grande Ed.  
China Plaza 762-804, 21 fl., Macau

Dear Director Neves,

I am the Executive Director of the non-profit organization GREY2K USA. Our mission is to pass greyhound protection laws, phase out dog racing, and promote greyhound adoption. We are the largest organization of our kind in the world.

I am writing to ask that you confirm the current status of a greyhound at the Canidrome named Brooklyn. One of our Directors took a photograph of this dog in November 2011 when she visited the track. Since that time, Brooklyn has become the focus of a worldwide effort to improve conditions at the Canidrome and implement a greyhound adoption program. Enclosed, you will find a letter we sent to the Canidrome on November 15, 2011 regarding Brooklyn.

According to the track's website, Brooklyn last raced on May 5. In his last race, he apparently fell, was injured, and finished sixth. According to a translation of the track's website, his "hind leg" was "cut wounded on web." Subsequently, an update was posted on May 11 indicating that Brooklyn's injury had been "cured."

Seven months have now passed since Brooklyn was reportedly "cured" of his injury, yet he has never raced again. Sadly, we fear he may no longer be alive. Please investigate this situation and determine whether or not Brooklyn is still alive.

Thank you in advance for your consideration of this request. I can be reached at the address below, or by e-mail at [carey@grey2kusa.org](mailto:carey@grey2kusa.org).

Sincerely,

Carey M. Theil  
Executive Director
